## SUMMARY

Seeking a responsible position in an organization, which gives me a chance to improve knowledge, enhance my skills and enable me to strive towards the overall development of the organization.

## TECHNICAL SKILLS

**Languages:** Javascript, Typescript, HTML/CSS, Java, Python

**Technologies/Frameworks:** Linux, AWS, Cloudflare, Docker, Node.js, Express.js, Angular.js React.js, Next.js, Prisma, Tailwind

**Version Control:** Git, Github

**Databases:** MongoDB

**Developer Tools:** VS Code, IntelliJ IDEA, Postman

## EXPERIENCE

### Flourisense Technologies

Aug 2023 – Feb 2024

*Web Developer Intern*

*Pune, Maharashtra*

- As a front-end developer, I played a significant role in migrating a legacy no-code website, which was built on **Wordpress**, to a modern **React-based** architecture. This transition led to notable improvements in **performance, scalability, and maintainability**.
- Developed sleek front-end solutions using **React.js**, improving **user experience** across different devices.
- Worked closely with designers and backend teams to integrate APIs, ensuring smooth data flow.
- Used industry standards like **TypeScript** and **Tailwind CSS** to make the site responsive and accessible.
- Kept updated with trends, integrating new tech like **Recoil** for state management to enhance performance.

### Tehra Techonology

Jan 2023 – July 2023

*SDE Intern*

*Remote*

- Contribute to ongoing projects, engaging in the entire software development life cycle to enhance system functionality and optimize user experience.
- Actively participate in code reviews, debugging, and troubleshooting for software quality and efficiency maintenance.
- Worked on diverse tasks in both front-end and back-end development using technologies like JS, Tailwind, and PostgreSQL

## PROJECTS

### Paytm Clone | *React, Express, MongoDB, Tailwind*

[View Project](#)

- Developed a payment application prototype using React, Express, MongoDB, JWT, Zod, and Tailwind CSS.
- Implemented user authentication with **JWT tokens** for secure access.
- Designed user dashboard for users, account balance, money transfer options.
- Utilized MongoDB with **Mongoose** for data storage and management.
- Ensured form validation using **Zod** for reliable data input.
- Styled the application interface with **Tailwind CSS** for a responsive and modern design.

### Blog Website | *Typescript, Tailwind, Prisma, PostgreSQL, Cloudflare Workers*

[View Project](#)

- Developed a blog website resembling Medium using React, TypeScript, Cloudflare Workers, Prisma ORM, and PostgreSQL database.
- Integrated **Cloudflare Workers** for serverless backend processing, ensuring scalability and reliability.
- Implemented user authentication with **JWT tokens**, providing secure access to user accounts and content creation functionalities.
- Utilized **Prisma ORM** for efficient database management and connection pooling, enhancing performance and data integrity.
- Planned future enhancements include implementing comment sections, SEO optimization techniques, and performance optimizations.

## EDUCATION

### GHRCM, Pune

Aug 2019 – Jul 2023

- Bachelor of Technology in Information Technology (CGPA - 7.80/10)*

*Pune, Maharashtra*

### Shri Vridheshwar Junior College

Jun 2018 – Mar 2019

- Higher Secondary School Certificate - 75.69%*

*Ahmednagar, Maharashtra*

## LANGUAGES

**English** - Proficient, **Hindi** - Fluent **Marathi** - Native,
